

COUSIN MULTI-USE SEMI-STATIC CORDS

https://www.securhit.com/en/ropes-and-cords/1006-2409-cordelettes-semi-statique-multi-usage-cousin.html#/2004-diametre_ct900-o_2mm

Multi-purpose semi-static cords from 2 to 8 mm diameter

Description

COUSIN semi-static cords are lightweight, compact and extremely versatile. Depending on their diameter, they can be used for work at height or even DIY, but also for climbing, mountaineering, caving, etc.

Technical specifications :

Ø 2mm

- weight: 2 g/m

- breaking strength: 0.8 kN

Ø 3mm

- weight: 6.5 g/m

- breaking strength: 2.5 kN

Ø 4mm

- weight: 10 g/m

- breaking strength: 4 kN

Ø 5mm

- weight: 15 g/m

- breaking strength: 6 kN

Ø 6mm

- weight: 23 g/m

- breaking strength: 10 kN

Ø 7mm

- weight: 30 g/m

- breaking strength: 12 kN

Ø 8mm

- weight: 41 g/m

- breaking strength: 18 kN

Available in lengths of 120 or 200 m.

Caractéristiques

- Material : Polyamide

- Norme : CE EN 564
