

LAMDA 150 N SOLAS MED LIFEJACKET

<https://www.securhit.com/en/life-jackets/1009-gilet-de-sauvetage-lamda-150-n-solas-med.html>

Lamda SOLAS inflatable lifejacket

Description

The Lamda SOLAS inflatable vest is made from high-quality materials, specially designed to withstand extreme conditions even in an emergency.

The vest features two air chambers that can be inflated automatically or manually, using two inflation mechanisms.

A heavy-duty PVC cover with Velcro fastenings protects the two air chambers. They include two mouth inflation tubes, each fitted with a valve with a relief valve.

Visibility at sea is ensured by the vest's yellow color and reflective stripes.

Features:

- Features an ISO 12402-7/8-certified whistle and a yellow buckle to facilitate rescue operations at sea.
- Buoyancy index: 150 Nt
- Complies with ISO 12402-7 standards

Caractéristiques

- Coloris : Rouge
