

NAVY BLUE WEATHERPROOF PARKA

https://www.securhit.com/en/body-protection/1016-2509-parka-intemperies-bleu-marine.html#/2035-longueur_pk343-court/2036-tour_de_poitrine_pk343-104_cm

Navy blue weather protection garment

Description

Weatherproof parka designed for firefighters.

Its outer fabric is 100% polyester with a 3-layer hydrophilic laminated membrane in navy blue, CLASS 3-3 according to ENV343. All seams are taped for optimum protection.

The removable lining is made of Thinsulate, a product that ensures the recommended thermal resistance (ENV343 class 2 > 0.15 M2k/W). The lining is secured by zipper.

Technical features :

- Lightweight, warm and comfortable lining.
- Inside zippered pocket accessible with or without removable liner.
- Interior drawcord at waist.
- Retro-reflective grey piping on chest and arms, and orange piping on bottom of jacket (EN 471 compliant).
- Collar with integrated hood.
- Padded hand rest.

8 sizes available: 80/ 88/ 96/ 104/ 112/ 120/ 128/ 136 cm
4 lengths per size: short C, medium M, long L, extra-long XL
