Cable reel SIVER

Description

Electrical cable reel SILVER with 2 MARECHAL connections ideal for indoor (industrial environments) and outdoor works (construction site, fire safety).

Technical details:

- Fitted with 2 MARECHAL plugs CEE 1P + T 30A/230V with self-closing damper, 1 CEE 1P+N+T 30A/230V plug and a thermal circuit breaker.
- Maximum power: cable not unwound 1000W / cable unwound 3500W.
- Easy to transport thanks to a large ergonomic handle "cablepilot".
- Shock-resistant thanks to its galvanized steel support and flanges.
- Rotating knob for convenient retraction.
- Oil resistant.

Two cable lengths available.

Caractéristiques

- Cable length : 25 ou 40m
- Type de câble : H07RN-F 3G2.5
