COYOTE 83 L oxygen therapy bag

Description

Comfortable and practical, the COYOTE oxygen therapy bag is designed for professionals providing respiratory assistance. It can hold all the equipment needed to administer oxygen, including 1 x 2 or 5 litre cylinder.

Technical specifications:

- Polyamide or PVC fabric bag, waterproof, antistatic and bacteriostatic.
- Double 12-gauge YKK zip with pull tab.
- 2 straps to hold the bottle in a vertical position.
- Holds a 2 or 5-litre bottle.
- Double reflective stripes for greater visibility.
- Adjustable shoulder straps for greater comfort and non-slip carrying handle.
- Integrated, labelled winch and hoist ring.
- Attachment for gas detector
- Supplied with a blue pocket for O² masks and an orange cover for the insufflator
- 4 label holders for personalised marking
- 5 mesh pockets inside the bag

Available in a range of colours.
