Petzl AVAO SIT FAST Harness

Description

The AVAO SIT FAST sit harness is specially designed for professionals working at height. Comfortable and lightweight, it is particularly well suited to the specific requirements of work positioning and rope descent. Preformed foams and the semi-rigid construction of the waistband and thigh straps ensure optimum comfort in use.

Its waistbelt features gear loops and tool loops, so you can organise all the gear you need for a day's work.

TECHNICAL FEATURES :

- Waistband and thighbands made from preformed foam and lined with breathable fabric.
- Back of thighs fitted with elasticated straps to ensure a snug fit.
- Thigh loops with FAST opening buckles for quick and easy opening and closing.
- Practical, easy adjustment thanks to DOUBLEBACK self-locking buckles on the waistband and thigh straps.
- Ventral connection point equipped with a textile loop for attaching a lanyard/ descender/ lanyard for single use/ harness.
- Two metal side attachment points for connecting a double support lanyard.
- Attachment point at the back of the belt for connecting a tether lanyard.
- Five preformed equipment holders with protective sheath.
