Rechargeable multi-battery LED spotlight

Description

The robust, powerful Multi Battery LED floodlight is designed for professional use.
Thanks to the Multi Battery 18V system, it offers maximum compatibility with 18V batteries from leading brands (Bosch Professional, Dewalt, Makita, Metabo CAS, Milwaukee - adapters included; other adapters available separately).

The 4500 lumen model is battery-powered.
The 6500 lumen model works on battery as well as mains power (5 m cable supplied) thanks to its hybrid technology, ensuring autonomy in the event of a power cut.

Equipped with a charge indicator and Powertool protection system against deep discharge and overheating, this headlamp guarantees performance, safety and optimum mobility in the field.

TECHNICAL SPECIFICATIONS :
- On/off switch with 4 lighting modes: 100% / 75% / 50% / 25%.
- Equipped with an anti-tilt support, LED protection lens and anti-shock rubber face protector.
- Ergonomic carrying handle
- Protection rating: IP65
- Voltage: 18 V
- Battery supplied: No
- Colour temperature: 6500 K

Caractéristiques

- Dimensions : 16 x 26 x (h) 26.50 cm
- Weight : 3.26 kg
