Petzl FLOW 11.8 MM semi-static rope

Description

FLOW 11.8 mm semi-static rope is specially designed for pruning.

Its intermediate diameter offers excellent flexibility and lightness, while guaranteeing excellent performance. Its low elongation when tensioned improves the efficiency of movement through the tree. Its 100% polyester construction and double braid, combined with EverFlex technology, guarantee long-lasting flexibility, even in difficult conditions (water, dust, mud).

Rope available with 1 or 2 splices on request.

Technical specifications:

- Diameter: 11.8 mm
- Material: polyester
- Weight per metre: 103 g
- Resistance: 27 kN
- Resistance with figure-of-eight knot: 15 kN
- Resistance with splice: 15 kN
- Impact force (factor 0.3): 5.9 kN
- Number of falls factor 1: 6
- Construction: 24 spindles
- Sheath percentage: 53 %
- Static elongation: 3 %.

Caractéristiques

- Certification : CE EN 1891 type A, ANSI Z133
