Arborist PROTOS full-face helmet

Description

The Arborist PROTOS full-face helmet is specially designed for work at height, combining safety, comfort and practicality.
Thanks to its adjustable chin strap, it stays perfectly in place, even when tilted or when working overhead.

TECHNICAL FEATURES :
- Reinforced protection with neck guard, inner shell with 3-point suspension and shock absorbers to absorb vertical and horizontal shocks.
- CrashAbsorber technology indicates impact for safe replacement of damaged parts.
- Adapts to the shape of the head, providing optimum support even without a chinstrap.
- Acoustic comfort thanks to adjustable-pressure ear muffs.
- KlimaAIR technology for optimum perspiration evacuation, with a machine-washable kit.
- Dual-colour helmet for improved visibility when working at height.
- F39 visor (metal) included.

Colours: Red and yellow.

Complies with standards EN 397, EN 1078, EN 1077 and EN 12492.

Caractéristiques

- Weight : 950g
- Size : unique (adaptable de 54 à 62 cm)
- Protection auditive : 27dB
