PANDORA 230 simulation set

### Description

The PANDORA 230 simulation set lets you create dynamic fire scenarios for immersive training. It allows you to create realistic flame effects, integrate sound and control the set remotely using your phone or laptop.

Three models available to suit your needs:

\* Small includes :

- 1 Pandora's Box 230: remote control unit for the kit (up to 3 flame effects, a smoke machine and sounds)
- 1 FireSpot MK2: illuminated flame simulator
- 1 Mini Silkflame: flame simulator with silk fabric
- 1 Nimbo smoke generator
- 1 pack of smoke liquid samples

\* Medium includes

- 1 Pandora's box 230, control unit
- 1 Cumulus smoke generator
- 1 phoenix Silkflame, fire simulator
- 1 Firespot MK2, illuminated flame simulator
- 1 Mini Silkframe LED, flame simulator
- 1 pack of smoke liquid samples

\* Large includes:

- 1 Pandora's Box 230
- 1 Stratus smoke generator
- 1 Phoenix Silkflame

- 1 Firespot MK2
- 1 Firespot XXL
- 1 pack of smoke liquid samples
