CASTOR safety shoes by SOLIDUR

Description

CASTOR is a high-performance safety shoe designed to offer advanced protection against hand-held chainsaws (Class 3 - 28 m/s). Ideal for professionals in forestry, pruning, construction or landscaping, it combines safety, comfort and durability.

Technical specifications:

- Perwanger 2.2-2.4 mm leather upper: water-repellent full-grain Italian leather, renowned for its exceptional durability.
- Front and rear anti-wear reinforcements: improved durability in extreme conditions.
- Nitrile rubber outsole: non-slip (SRC), resistant to hydrocarbons (FO) and heat up to 300°C (HRO).
- Composite anti-perforation insert (P): lightweight and flexible, protects against sharp objects.
- Steel toe cap (200 J): protection against impact and crushing (up to 1500 daN).
- Breathable inner lining: maintains comfort even when worn for long periods.
- Thermal insulation (CI): ideal for cold environments.
- Ergot at the crotch: better support on ladders or when climbing.

Standards :

- EN ISO 20345 : 2011 S3 CI HRO SRC
- EN 17249 : 2013 Class 3 28m/s

Caractéristiques
