ARBORIST PFANNER work shoes

Description

Designed for professional pruners, climbers and vertical climbing enthusiasts, the ARBORIST STX shoe combines lightness, robustness and precision. Every detail is designed to offer maximum mobility without compromising on safety or comfort.

Weighing just 645g per shoe in size 43, it stands out for its ultra-optimised technical design. The lightweight, non-slip Vibram outsole ensures reliable grip, while the Nano-Active insole guarantees a fluid, cushioned walking sensation, even during prolonged activities.

The integrated, replaceable VerticalLoop system lets you attach a climbing blocker directly to the boot, eliminating the need for an additional walking strap.

Made from 2.6mm water-repellent Perwanger leather and a Sympatex waterproof-breathable membrane, the boot offers optimum resistance to the elements while maintaining excellent thermal comfort.

Technical specifications:

- Weight: 645 g per shoe (size 43)
- Outer material: 100% Perwanger leather (water-repellent, 2.6 mm)
- Lining: Sympatex membrane (waterproof, breathable)
- Outsole: Vibram (lightweight, non-slip)
- Insole: Nano-Active (shock absorption, comfort)
- VerticalLoop system: for direct attachment of climbing block (replaceable)
- Protection against rockfall: integrated stone guard reinforcements

Sizes available:

- Standard sizes: 38 to 46
- XL sizes: 47 and 48 (+10% surcharge applies)
