K2 Plus Mountain Sports Helmet White

Description

The K2 Plus is a versatile helmet designed for outdoor activities (such as mountaineering, caving and canyoning) and rescue operations. It is designed to offer safety, comfort and adaptability in demanding environments.

Technical specifications:

- Inner shell: Expanded polystyrene (EPS) for excellent shock absorption.
- Outer shell: ABS material, high impact and weather resistance.
- Adjustment system: UP/DOWN adjustable for a precise, personalised fit.
- Closure: Quick-release buckle for easy, secure handling.
- Chin strap: Resistance greater than 50 DAN for a reliable hold even in the event of a fall.
- Accessories: Integrated headlamp clips for a secure fit.

Standards: EN 12492:2012
