

## PFANNER STRETCH ZONE WORK JACKET

<https://www.securhit.com/en/technical-footwear-and-clothing/1183-veste-de-travail-pfanner-stretch-zone.html>

STRETCH ZONE protective jacket from PFANNER

### Description

Combining extreme robustness, ergonomics and enhanced visibility, the STRETCH ZONE work jacket is designed to meet the demands of professionals working in demanding environments. Made from ultra-resistant Canvas fabric, it offers high abrasion resistance, remarkable durability and unrivalled freedom of movement thanks to StretchZone® technology integrated into the back.

Its technical design has been studied to ensure durability, functionality and adaptability, thanks in particular to its removable sleeves, extended back to protect the lumbar area, and piped reflective strips for enhanced visibility in low-light conditions.

Technical features:

- StretchZone® technology integrated into the back: Provides optimum freedom of movement, even during dynamic and repetitive movements
- Extremely robust top fabric: High-strength canvas for maximum protection against wear and abrasion
- Removable sleeves: Can be adapted to suit the weather or your activity
- Zipped side pockets: Covered zip to prevent dirt penetration
- Reflective piping: Increased visibility in dark or low-light areas

Composition

- Main fabric (Canvas): 65% Cordura® polyamide / 35% cotton
- Stretch zones (StretchZone®): 90% polyamide / 10% elastane

Several colours available on request.

### Caractéristiques

- Tailles : XS au 3XL
