JOBBY fleece jacket from PFANNER

Description

The JOBBY fleece jacket is designed to meet the needs of demanding professionals in all seasons. Thanks to its windproof fabric, water-repellent shoulders and exclusive systems, it combines thermal protection, functionality and visibility, while guaranteeing optimum comfort all day long.

Technical specifications:

- Outer fabric: 100% polyester - Soft fleece fabric that's pleasant to the touch, providing constant warmth without weighing you down. It's also windproof, for effective protection against cold draughts.
- Reinforced, waterproof shoulders: Water-repellent shoulder area, ideal for resisting moisture and light weather.
- Inner lining: 100% polyester, elastic mesh for breathable comfort and freedom of movement.
- Patented Zipp2Zipp® pocket system: Ideal for safely storing documents or personal items.
- End-to-end reflective piping: For excellent visibility in low-light environments.
- 3CON Reflex: Retro-reflective signage on the back for added safety in the workplace.

Several colours available on request.
