CLIMB 100% stretch work trousers by SOLIDUR

Description

The CLIMB Men trousers are designed for professionals working at height: rope access technicians, tree pruners, technicians, installers, etc. They combine freedom of movement, resistance to extreme conditions and long-lasting comfort.

Made from Cordura® fabric (88%) and Spandex® (12%), stretchable in 4 directions, with a Teflon® water-repellent treatment, they offer robustness, flexibility and protection against wear and weather.

Technical specifications:

- Main fabric: 88% Cordura®, 12% Spandex® - 275 g/m².
- Treatment: Teflon® water-repellent, 4-way stretch fabric
- Ventilation: perforated fabric behind the knees
- Pockets: 4 front, 1 back (bottom in main fabric)
- Closure: YKK zip fly
- Support: belt with non-slip silicone band
- Lower legs: fastening hooks + adjustable elastic

Caractéristiques

- Tailles : du XS au XL
