Multi-risk combination with improved visualisation

Description

The SINGER SAFETY multi-risk suit combines strength, comfort and safety. Made from an innovative 98% cotton and 2% carbon fibre ripstop weave fabric (280 g/m²), it provides enhanced protection against thermal hazards while offering great freedom of movement.

Key features:

- Flame-retardant fabric thanks to its cotton/carbon composition, ideal for environments exposed to sparks or heat.
- Two-way zip protected by a hook-and-loop flap, for quick opening and safety.
- Elasticated waistband for a snug, ergonomic fit.
- Adjustable cuffs with hook-and-loop fasteners for added protection against splashes or seepage.
- 5 functional external pockets for easy, accessible storage of your essential tools and accessories.
- Strategically positioned retro-reflective strips for improved visibility, particularly in low-light or high-risk environments.

This multi-risk suit complies with the following standards

- EN ISO 11611: 2015 (A1 + A2)
- EN ISO 11612 : 2015 (A1, A2, B1, C1, E1)
- EN 1149-5: 2018
- EN 17353: 2020 (type B3)

Caractéristiques

- Tailles : S au 3XL
- Coloris : Orange haute visibilité
