Prior Class 1 Type A cut-resistant trousers

Description

PRIOR protective trousers combine safety, comfort and environmental responsibility. They are specially designed for professionals and demanding chainsaw users.
Compliant with EN ISO 11393-2 Type A, Class 1, they offer protection against cuts up to 20 m/s. It features a protective padding made from 70% polyester and 30% polypropylene, guaranteeing a high level of safety while remaining lightweight and flexible. It weighs less than 1.1 kg in size M, making it comfortable to wear all day long.

Designed using an eco-design approach, these trousers incorporate recycled fibres from REPREVE technology, an innovative solution made from post-consumer plastic materials. This production method reduces greenhouse gas emissions, while consuming less water and energy.

Technical specifications:
- Main fabric: 245g/m² - 65% recycled polyester REPREVE / 35% conton BCI
- 2 hand pockets + 1 tool pocket with candle key compartment (no press studs)
- Semi-elastic waistband with belt loops and integrated back flap
- Inseam length: 82 cm

- Abrasion resistance: 30,000 revolutions (EN ISO 12947-2:1999)
- Tear strength: 20 N (warp and weft - EN ISO 13937:2000)
- Tensile strength: 1350 N (warp) / 825 N (weft)
