ACE MESH high-visibility waistcoat

Description

The high-visibility waistcoat is designed to provide optimum visibility, while guaranteeing comfort and practicality throughout the day. With breathable mesh on the top and dry-tech fabric on the bottom, it provides moisture management and breathable comfort, ideal for working environments requiring both visibility and freedom of movement.

Technical specifications:

- Composition: 100% polyester, a durable, lightweight and breathable material offering great resistance to wear and tear.
- Upper part in breathable mesh for better ventilation, preventing overheating and excessive perspiration.
- Lower part in Dry-Tech fabric for improved moisture management and all-day comfort.
- Retroreflective strips strategically placed on the shoulders and body to ensure maximum visibility in low-light environments.
- SBS zip fastening with two-tone tape for an easy fit and modern design.
- Dry-Tech fabric strip on waistcoat for customisation (logo, inscription, etc.).
- Fixed badge holder on the left chest for easy identification when the waistcoat is worn.
- Multifunction loop on right chest for quick access to tools or accessories while working.
- Lightweight at 145 g/m², allowing great freedom of movement without compromising durability or functionality.

Waistcoat complies with standards EN ISO 13688:2013 + A1:2021, EN ISO 20471:2013 + A1:2016 - Class 2, and RIS-3279-TOM: 2019 (not applicable to RIOs), valid only for the Fluorescent Orange colour.
