LANE high-visibility short-sleeved polo shirt

Description

The LANE high-visibility short-sleeved polo is an essential garment for those who work in environments where visibility is crucial. Designed for comfort, practicality and safety, this polo is ideal for professionals working in low-light or high-risk areas. With its retro-reflective stripes and functional design, it provides optimum protection while making it easy to move around.

Technical features :

- Two-tone design for improved visibility and a modern look
- 3-button collar with ribbing and covered seams for added comfort and a neat finish
- Contrast opening for added aesthetic and functional detail
- Ribbed collar for better fit and comfort
- Segmented, heat-sealed retroreflective piping on shoulders, sleeves and waist for optimum visibility and ease of movement.
- Side slits for greater freedom of movement
- Weight: 150 g/m², lightweight and breathable for long, demanding working days
- Dry-Tech finish: designed to keep you feeling fresh and comfortable, even during intense working days

The LANE polo shirt complies with the following standards: EN ISO 13688:2013+A1:2021, EN ISO 20471:2013+A1:2016, Class 2, and RIS-3279-TOM:2019 (not applicable to RIOs), in fluorescent orange only.

Available in a range of colours on request.
