

BEAL HYDRO BAG 40L FOR CANYONING

<https://www.securhit.com/en/canyon/120-sac-de-portage-canyoning-beal-hydro-bag-40l.html> A comfortable 40-liter PVC backpack for canyoning.

Description

The HYDRO BAG has a capacity of 40 liters and a closure by large metal tanka. Made of PVC, it is very resistant to abrasion and evacuates water in an optimal way. With its fluorescent orange colour, it is the ideal bag for canyoning.

This bag also has a padded back and shoulder straps, as well as chest and hip belts for better stability when carrying, as well as ejectable shoulder straps for safety and rope attachment loops and integrated carabiner holder. Features that make it very comfortable, especially during long approach walks. Guaranteed 3 year
