ALEX GLOVES by KONG

Description

Designed for demanding professionals, KONG's ALEX GLOVES combine safety, comfort and durability. Whether you're a tree trimmer, a mountain rescuer or a technician working in extreme environments, you'll find these gloves a reliable ally for tackling the toughest conditions.

Made from high-quality leather, these gloves are reinforced with DuPont® Kevlar® in the palm and fingers, offering exceptional cut and abrasion resistance, while retaining the flexibility needed for handling.

The design with three $\frac{3}{4}$ uncovered fingers provides a precise grip, ideal for operations requiring dexterity, while maintaining good hand protection.

The stretch nylon back is breathable, flexible and abrasion resistant, ensuring excellent ventilation and an ergonomic fit. The elasticated wrist with Velcro fastening ensures a secure fit that's quick to put on or take off, even in emergency situations.

Technical features:

- DuPont® Kevlar® reinforcements on palm and fingers.
- Stretch nylon back: breathable and anti-abrasion
- 3 $\frac{3}{4}$ fingers uncovered for greater precision
- High-quality leather for excellent durability
- Elasticated wrist with Velcro: secure fit

CE EN 388 certified: European standard for mechanical protection gloves
