Rescue Pro Wetsuits □ High-Visibility Safety Gear for Water Rescue

Description

The Rescue Pro wetsuits are specifically designed for professional water rescue, providing protection, comfort, and maximum visibility. Built to the same high standards as professional diving suits, they ensure optimal performance even in the most demanding aquatic environments.

Key Features

- One-piece wetsuit available in 3, 5, and 7 mm thickness for optimal thermal protection
- High-quality super-stretch neoprene (YAMAMOTO or SEDO) for comfort and freedom of movement
- High visibility design: arms, shoulders, hood, and ankles in fluorescent yellow, complemented by reflective markings on ankles, wrists, shoulders, and hood
- Supratex reinforcements on knees, elbows, and seat for enhanced durability
- Integrated chest pocket and ankle zippers for added convenience
- Custom sizing available for a perfect fit

The Rescue Pro wetsuits are ideal for professional lifeguards, aquatic rescue teams, and emergency responders who need maximum safety, visibility, and comfort in wet environments.
