SMART SPIDER PRO □ Electric Hoist for Lifting People and Loads (IP54)

Description

The SMART SPIDER PRO is a professional electric hoist designed for lifting people and loads in the most demanding environments.

Compact, powerful, and safe, it's perfectly suited for work at height, confined spaces, or hard-to-reach areas, whether indoors or outdoors.

Thanks to its IP54 protection, it resists dust and water splashes, ensuring optimal performance in a wide range of applications.

TECHNICAL SPECIFICATIONS

- Lifting capacity: up to 200 kg (440 lbs)
- Ascent speed: 0□22 m/min
- Descent speed: 0□30 m/min
- Battery autonomy: up to 450 m of lifting with a 100 kg load
- Charging time: 140 minutes
- Maximum operating altitude: 2000 m
- Total weight: 14.5 kg

Performance and Safety

- High-performance planetary gear motor
- Powerful lithium battery and charger included
- Emergency descent possible even when powered off
- Emergency stop button for maximum safety
- Double-action aluminum carabiner included
- Delivered in a wheeled transport case for easy mobility

Smart Wireless Control :

- Remote control via smartphone or tablet using the hoist's built-in Wi-Fi network
- Maximum Wi-Fi range: 40 meters
- User-friendly interface for safe and intuitive operation

Compatibility : Use with a semi-static rope Ø 10-11 mm (EN 1891:1998 Type A compliant) and a rope grab fall-arrest system for maximum safety.

Caractéristiques

- Lifting capacity : jusqu'à 200 kg
