Alna 2.0 High Visibility Waterproof Jacket - HELLY TECH® PROFESSIONAL

### Description

The Alna 2.0 high visibility all-weather jacket is designed to provide optimal protection against harsh weather conditions while ensuring maximum visibility in low-light environments. Built with HELLY TECH® PROFESSIONAL technology, it delivers excellent waterproofing, breathability, and durability for demanding working conditions. Its ergonomic design, heat-applied reflective elements, and multiple functional pockets make it a high-performance work jacket focused on comfort, safety, and practicality. It is also designed to accommodate electronic devices and essential equipment.
