Ultra-Durable and Stretch Professional Work Trousers

Description

The Chelsea Evolution Construction Trousers combine durability, comfort, and freedom of movement to meet the demands of intensive working environments. Designed with a 4-way stretch fabric, these work trousers provide optimal mobility throughout the day, even during technical movements or prolonged working positions.

Strategically placed Cordura® reinforcements ensure excellent resistance to wear in high-stress areas, while the ergonomic construction enhances comfort and overall performance in the field.

Featuring multiple functional details, reinforced pockets, and premium-quality finishes, the Chelsea Evolution trousers are built to support professionals in their daily activities.
