Fyre Class 2 High Visibility Yellow Work Trousers - Multi-Risk Protection

Description

The Fyre Class 2 Work Trousers are designed to provide optimal protection, long-lasting comfort, and excellent freedom of movement in working environments exposed to thermal, electrical, and low-visibility hazards. Compliant with major European safety standards, they offer a reliable solution for professionals operating in demanding conditions.

Thanks to their 2-way stretch fabric and ergonomic design, these trousers ensure optimal working comfort throughout the day. The articulated knees, gusseted crotch, and functional pockets enhance mobility and practicality in the field. Their technical design combines high visibility, protection against heat and electric arc hazards, and excellent wear resistance for intensive operations and demanding tasks.

Technical Features

- Certified to EN ISO 20471:2013 Class 2 high-visibility standard
- Electric arc protection: IEC 61482-2:2018 APC 1 and EBT 9 cal/cm²
- Heat and flame protection: EN ISO 11612:2015 A1 B1 C1 F1
