

PETZL FIGURE-OF-EIGHT DESCENDEUR

<https://www.securhit.com/en/assureurs-et-descendeurs/136-descendeur-en-8-petzl.html> Descender in eight which allows the descent on double or simple rope

Description

Descender in eight that allows for double or single rope descents with a square shape to reduce rope twisting and lark's head formation. Made of high strength forged aluminium. It has a small hole that can be used as a backup with a thin rope or as a belay system.

Rope compatibility: can be used on ropes from 8 to 13 mm in diameter.

Caractéristiques

- Weight : 100 g
- Material : Aluminium
