

ARVA Axe Snow Shovel / Pickaxe for avalanche

<https://www.securhit.com/en/neige-et-avalanche/184-pelle-pioche-a-neige-avalanche-arva-axe.html> Shovel convertible into a snow pickaxe with compact bucket

Description

Shovel convertible into a pickaxe.

Equipped with the new compact ARVA bucket whose profile has been designed to facilitate foot support and make precise and efficient snow cuts, the AXE shovel will be your best ally in rescue situations. This shovel is convertible into a pickaxe for increased efficiency in the shovelling phase.

It features a 49cm long aluminium ovoid telescopic handle in folded configuration, a durable anodized aluminium bucket, an ergonomic "Y" handle that allows conversion to pickaxe mode and a grip that makes it easy to hold.

Its PIN LOCK system allows quick assembly of the bucket on the handle.

Caractéristiques

- Weight : 710g
- Length : 72cm min et 88cm max
- Dimensions of the bucket : longueur 31cm x largeur 23cm x épaisseur 2.0mm
