PMX ACTSAFE Thermal winch for semi-static ropes from 10.5 to 11mm

Description

The ActSafe PMX thermal rope winch is distinguished by its combination of strength and small portable size. This winch weighs only 13 kg and has a travel capacity of at least 700 meters of rope on a single fuel tank.
Features of this gasoline powered winch include a Honda GX35 engine with a displacement: 35.8 cc, Fuel: SP91 or higher, Engine oil: SAE 10W-30.
It has a closed rope grab system and a left hand throttle. The drop lever is easy to operate to lower the rope, and the ruggedness of this Power Ascender makes it perfect for an endless list of lifting operations. It is a winch for semi-static ropes from 10.5 to 11mm.
Its pulling speed is 17 m / min at 100 kg load.
Protection class (water and dirt): IP55.
Noise level: 89 dB
(Delivered in a robust transport box with wheels).

Caractéristiques
