

"SAVOYARD" 30 L WATER CARRIER WAISTCOAT

<https://www.securhit.com/en/fire-extinguishing/245-gilet-porteur-d-eau-savoyard-30-l.html>

30 litre polyurethane water carrier waistcoat

Description

The water-carrying waistcoat system balances the load and keeps you mobile, especially in hard-to-reach or steep areas.

The polyurethane coating is lighter and offers better resistance to abrasion and snags.

Made of polyurethane coated polyester with internal bladder, telescopic pump and wide adjustable ergonomic shoulder straps.

Adjustable spray pattern from diffused to full spray, range 12 metres.

1 metre pump hose mounted on swivel coupling.

Retro-reflective signage.

Fire classification: M2/B1

Caractéristiques

- Capacity : 30 L
- Filling plug : 90 mm
