WATER CARRIER WAISTCOAT FR PVC 20 L

https://www.securhit.com/en/fire-extinguishing/246-gilet-porteur-d-eau-fr-pvc-20-l.html

20 L PVC water carrier waistcoat

Description

The water-carrying waistcoat system balances the load and keeps you mobile, especially in hard-to-reach or steep areas. The polyurethane coating is lighter and offers better resistance to abrasion and snags.

Flexible tank made of double-sided PVC-coated polyester fabric welded at high frequency.

Sealed inner partitions ensure even distribution of the liquid.

Adjustable spray pattern from spray to full spray, range 12 metres.

1 metre pump hose mounted on swivel coupling.

Made in France.

Caractéristiques

- Capacity : 20 L
- Filling plug : 90 mm
