

ROPE DEFENDER ROPE PROTECTION

<https://www.securhit.com/en/ropes-and-cords/260-protection-de-corde-rope-defender.html>

Rope Defender rope protection

Description

Flexible spiral steel sleeve used to protect ropes from sharp edges.

It adapts to all angles, the coils in contact with the edge compress under the action of the rope, giving it total protection.

Its steel sheath is virtually indestructible and its protective cover is made of reinforced rubber.

Caractéristiques

- Weight : 730 g
