

COMPRESSOR 230 V/15 BAR FOR NEPTUNE SYSTEM

<https://www.securhit.com/en/training-accessories/32-compresseur-230-volts-15-bar-pour-systeme-neptune.html>

Compressor for Neptune

Description

Ideal for use with the FireWare Neptune. The Neptune is made to fill training extinguishers yourself. The compressor will achieve a safe maximum of 15 bar. The compact size and plastic box (60 x 40 x 44 cm) make it easily transportable.

Quiet operation due to 4-pole motor and low speed of 1400 rpm.

Caractéristiques

- Weight : 23 Kg
- Voltage : 230 V
- Maximum operating pressure : 15 bar
