<https://www.securhit.com/en/harnais-et-baudriers/331-sac-accessoire-genius-simple.html> Genius accessories bag

### Description

Easy to attach to the harness, GENIUS lets you store small tools in a pocket with a click-and-click fastening system. This express closure, combined with a rigid opening, prevents equipment from getting lost. And for temporary outdoor storage, the pocket has a magnetic plate. GENIUS is available as a single pocket or in sets of three with an external tool holder.
