

WEIGHTED VEST FOR MANIKIN

https://www.securhit.com/en/rescue-mannequins/358-99-gilet-lest-pour-mannequin-de-degagement.html#/91-poids_rlww-_10_kg

Vest for adult training manikin

Description

A useful addition to the range of dummy accessories.

Weighted to either 10 or 20Kg, the vest allows the user to adjust the weight of the training dummy to suit the training requirements.

Made of fireproof polyester-cotton fabric (according to prEN470:1994), it is also edged and reinforced with polypropylene fabric.

Made in the style of a lifejacket, the vest is secured to the training dummy using adjustable straps and a quick release clip.

A strong webbing handle allows for easy carriage and storage.

Caractéristiques

- Weight : 10 et 20 kg
