Description

The ATEX zone 0 rechargeable spotlight INTEGRITAS XPR-5584GMX generates a powerful beam of 600 lumens with a long-lasting battery life of 13 hours thanks to four separate LEDs housed in an articulating head that can be adjusted to 180 degrees for maximum versatility. By holding down the switch, a low mode of 250 lumens saves battery life, extending runtime up to 25 hours. Designed and developed both as a portable spotlight and an area light, the XPR-5584 spotlight features a rubber base attached to the back with an 11 kg magnetic force magnet for convenient and adjustable hands-free area lighting.

Made of fiberglass-reinforced polymer nylon and weighing only 1.2kg, the Atex XPR-5584 spotlight is designed for use in the most demanding industrial environments or for the most challenging interventions. The rubber-lined handle and carrying shoulder strap provide excellent grip and portability for the user, while the two bright green LEDs on the back make your location easy to see for increased safety and awareness.

The INTEGRAS 84 spotlight is ATEX Zone 0 certified with a charging stand that meets the requirements of NFPA-1901-14.1.10.2 (2016) and can be mounted in any position. It is powered by an integrated rechargeable lithium-ion battery and comes with a charging base, a 230v AC adapter, a 12V car charger cord, and a carrying shoulder strap.

ATEX ZONE 0 CERTIFICATION
ATEX II 1 G Ex ia op is IIC T4 Ga
IECEX: Ex ia op est IIC T4 Ga

MATERIAL
Fiberglass-reinforced polymer nylon

LUMENS/BATTERY LIFE Long-range

High: 600 Lumens, 13 hours

Low: 250 Lumens, 25 hours

BEAM RANGE Long-range

High: 237m

Low: 167m

WATER AND DUST PROTECTION CLASS

IP-67 (water and dustproof)

DROP CLASS

2 meters

DIMENSIONS

Length: 19.2 cm

Width: 10.8 cm

Depth: 14.8 cm

Weight: 1219 g

BATTERY

Integrated rechargeable Li-ion battery pack

INCLUDED IN THE PACK

Spotlight with preinstalled magnetic base

Standard rubber base

Rechargeable Li-Ion battery

Charger stand (5582-CHGR2)

230V AC adapter

12V DC car charger cord

Detachable shoulder strap (5580-STRAP)

Multilingual user manual

Caractéristiques

- Dimensions : Longueur 19.2 x Largeur 10.8 x Profondeur 14.8 cm
- Weight : 1.2 kg
- Waterproofing : IP-67 antipoussière / étanche
- Classement Atex : Zone 0
