LUMAPHORE TITAN: All-in-One Professional LED Lighting Kit

Description

The LUMAPHORE TITAN is a professional LED lighting kit housed in a flight case, designed to simplify transport, storage, and rapid deployment of a complete area lighting system. It combines all essential equipment into a compact, robust, and ready-to-use solution for field operations. Engineered for demanding environments, it ensures a fully operational lighting setup within minutes, while providing maximum protection for all components.

A Complete and Organized Lighting Kit

The LUMAPHORE TITAN integrates all necessary equipment into a single flight case:

- 1 LUMAPHORE LED unit (300L, 600L, 300XL, or 600XL depending on configuration)
- 1 telescopic mast
- 1 guying kit

Each component is stored in custom compartments ensuring secure holding and anti-vibration protection during transport.

Transport and Durability

Designed for field use, the LUMAPHORE TITAN offers easy handling and mobility:

- Reinforced flight case with wood and aluminium structure
- High impact resistance for demanding environments
- Integrated wheels and ergonomic handles
- Easy handling by one or two operators

Key Benefits

- All-in-one ready-to-use solution
- Simplified transport and storage
- Fast on-site deployment
- Enhanced equipment protection

- Compact and rugged design
- Suitable for demanding working conditions

The LUMAPHORE TITAN is a complete professional solution for centralizing, protecting, and rapidly deploying your area lighting equipment.

Caractéristiques

- Dimensions : 154 x 43 x 27 cm
- tare weight : 16.4 kg
