LUMAPHORE LED Series L: Compact and High-Performance LED Lighting Balloon

Description

The LUMAPHORE LED Series L is a mobile lighting solution designed for professionals who require powerful 360° lighting, fast deployment, and reliable performance in the field. This range stands out for its lightweight and compact design, making transport, installation, and storage easier while delivering outstanding lighting efficiency.
Ideal for temporary work areas, outdoor operations, technical maintenance, or industrial environments, the LUMAPHORE Series L provides optimal visibility and improves team safety during night work or low-light conditions.

Compact and Efficient Design
The Series L models are the lightest and most compact in the range. Their specific design includes a lower black bowl section with no downward light diffusion. This structure optimizes 360° peripheral lighting while maintaining excellent luminous output. The Series L is therefore a cost-effective, durable solution perfectly suited for users looking for dependable equipment with excellent value for money.

Benefits of the LUMAPHORE LED Series L
- Powerful and uniform 360° LED lighting
- Quick setup and easy operation
- Compact footprint
- Easy transportation
- High impact resistance
- Protection against dust and water splashes
- Low energy consumption
- Suitable for indoor and outdoor use

Technical Specifications
LUMAPHORE 300L
The LUMAPHORE 300L is a compact model offering an excellent balance between power, mobility, and budget. It efficiently lights a large area from a single lighting point.
- Luminous output: 29,900 lumens
- Illuminated area: up to 2,400 m²

- Power consumption: 200 Watts
- Voltage: 230 Volts
- Protection rating: IP44
- Impact resistance: IK10
- Weight: 5.1 kg

LUMAPHORE 600L
The LUMAPHORE 600L is designed for intensive lighting needs over large areas. Its high luminous power allows fast and effective illumination of extended work zones.
- Luminous output: 59,800 lumens
- Illuminated area: up to 3,200 m²
- Power consumption: 400 Watts
- Voltage: 230 Volts
- Protection rating: IP44
- Impact resistance: IK10
- Weight: 6.7 kg

Strength and Reliability
The LUMAPHORE Series L units are built for intensive use in demanding environments. Their reinforced structure provides excellent durability with IK10 impact resistance, while the IP44 rating ensures suitable protection against solid particles and water splashes.

Included Accessories
Each unit is supplied with:
- Flight case
- Suspension ring

Caractéristiques

- Tension : 230 Volts
- Indice de protection : IP44
- Résistance aux chocs : IK10
