K9 Portable Worksite Floodlight - 6,600 Lumens, up to 17h Runtime, IP54

Description

The K9 autonomous worksite floodlight is a portable, modular LED light, ideal for construction sites, emergency response, and industrial maintenance. It is available in multiple models depending on the battery type:

Models and Specifications

- K9 Lead (Plomb) - SLA lead battery, 5,000 lumens, 8 h runtime, 11.8 kg, IP54
- K9 Li - Lithium battery, 5,000 lumens, 9 h runtime, 8 kg, IP54
- K9 2xLi - Dual lithium battery, 5,000 lumens, 17 h runtime, 9 kg, IP54

The 360° rotating head allows targeted or wide-area illumination, and the integrated pole extends up to 1.8 m for optimal worksite coverage. Optional magnetic mount or 3 m extension pole increase versatility.

Applications

- Emergency response and rescue
- Industrial maintenance
- Railway track work
- Worksite area lighting

The K9 combines power, durability, and modularity to provide reliable lighting for all types of worksites.

Caractéristiques

- Dimensions : 39 x 19,5 x 25,5 cm
