

CAT CATCHER 70 CM

<https://www.securhit.com/en/capture-d-animaux/408-pince-attrape-chat-70-cm.html> Small animal catcher

Description

Rigid cat catcher made of stainless steel. This cat catcher captures and immobilises domestic and feral cats and other small animals from a distance.

Very practical for use in cages. Very light and easy to use, the jaws are covered in plastic for the animal's comfort. The cat can be released quickly by releasing the trigger.

Jaw opening in open position: 7 cm.

Space in the centre of the jaw when closed: 3 cm.

It is not recommended to use the pliers without training in capture and without protective equipment (gloves).

Caractéristiques
