High-visibility vest

### Description

High-visibility polyester vest designed specifically for rescue professionals, rescue forces and groups, civil protection, firefighters, etc.

The Operator Evo 3 vest features a high-visibility fabric that offers durability and resistance to wear and tear. Reflective stripes provide extra visibility in adverse light conditions.

It incorporates several front pockets where you can carry equipment such as hygienic gloves, scissors and other essentials for rescuers and medical personnel.

- Segmented reflective stripes
- Mesh inserts
- Center front zipper and zippered hand pockets
- Chest pocket and back pocket with zipper; radio pocket with drawcord and buckle
- Elasticated collar, armholes and hem
- Secateurs compartment with yoyo closure for ease of use (MAJH00US)
- Interior Velcro system and zipped openings on chest for harness attachment
- Pocket Operator accessory can be attached by zipper
- Reflective elements for enhanced visibility
- Designed for helicopter rescuers and professionals working in exposed conditions.

CE EN ISO 20471 certification
