

PSS 5000 SCBA WITHOUT MASK OR BOTTLE

<https://www.securhit.com/en/respiratory-protection/463-ari-pss-5000-sans-masque-ni-bouteille.html>

PSS 5000 self-contained breathing apparatus

Description

The breathing apparatus for professional firefighters combines advanced ergonomics with a wide range of configurable options to meet the demands of first responders whenever breathing protection is required.

The PSS5000 SCBA features push [in and out] hose clips, integrated hose channels, a swivelling waist pad, pull forward waist adjustment, adjusting strap retainer and a "Slide and Lock" harness connections.

Approvals EN 137:2006 (Type 2)
