35 litres rope bag

Description

The E Bag, with a capacity of 35l, is a rucksack that allows you to go climbing on a cliff or indoors with just one bag. It's practical enough to carry a 100m rope and climbing equipment for 2 people.

With its padded back, large opening and a tarpaulin to protect your rope, the E Bag 35 is the type of rucksack that's completely suited to rock climbing.

2 zipped pockets for your papers and phone.

A very light vacuum bag, weighing just 600g.

Made from polyester, it's lightweight yet hard-wearing.

Available in three colours: Black, Grey and Blue.
