

NORTHERN DIVER RED RESCUE RAFT

<https://www.securhit.com/en/radeau-de-survie/484-radeau-raft-de-sauvetage-rouge-northern-diver.html>

Inflatable rescue raft

Description

Made from 15 cm drop points and PVC with integrated inflation points and valves in several places. The RR-MAX has 13 x 40mm 316 stainless steel D-rings, 5 lifting handles and 4 additional handles on the non-slip floor.

A cylinder can be connected to the inflatable for quick and easy inflation, multiple hoses can also be used for even quicker inflation!

The liferaft is versatile and requires very little maintenance. It's strong, durable and stable.
