PETZL VIZEN VISOR

https://www.securhit.com/en/helmets-and-accessories/489-545-visiere-petzl-vizir.html#/507-modele_a015-transparent

The PETZL VIZIR visor, transparent or tinted, anti-fog and anti-scratch, protects your eyes from splashes.

Description

Are there frequent risks of splashing in your workplace? It's essential to wear the right equipment to avoid accidents. PETZL's VIZIR visor provides effective eye protection in tough environments.
Total eye protection:
- Transparent or tinted visor with level 2.5 protection filter
- Lenses protected with anti-scratch and anti-fog treatments
- Possibility of wearing prescription or safety glasses
Compatibility with VERTEX helmets (minimum 2019 versions) and STRATO helmets:
- Easy fitting with EASYCLIP fastening system
- Quick changeover between work and storage positions thanks to the pivoting visor
