PETZL PANTIN foot rope clamp for right or left foot. Use in conjunction with CROLL, ASCENSION or ASCENTREE rope clamps for faster rope ascents.

Description

The PANTIN PETZL foot ascender is an essential piece of equipment for all rope access technicians and others who regularly have to climb. Practical, it facilitates rope ascents by allowing the rope to slide smoothly, right from the first few meters. It can be used with CROLL, ASCENSION or ASCENTREE rope clamps to take full advantage of its benefits.

- A spiked trigger with an escape slit for using the rope in any situation
- No risk of snagging thanks to the system built into the body of the rope clamp
- Very easy to remove
- DOUBLEBACK buckle for quick adjustment of the rope clamp
- Stainless-steel design to guarantee equipment durability
- High-density polyethylene straps for abrasion resistance

Available for right and left foot.
