

PETZL SPATHA knife

https://www.securhit.com/en/speleologie-et-canyon/498-569-couteau-petzl-spatha.html#/531-couleur_s92-bleu PETZL SPATHA carabiner knife with stainless steel blade, for cutting ropes and cords. Designed with a hole for attaching the knife to a harness.

Description

PETZL's SPATHA knife is an essential piece of equipment for all mountain adventurers. It's a sure-fire companion for climbers and mountaineers, thanks to its well-thought-out features.

- A stainless steel blade, combining lightness and durability, and serrated for rapid rope cutting
- A hole for inserting a carabiner or tool holder and attaching it to the safety harness
- Easy opening thanks to the notch in the blade and the serrated thumbwheel (ideal if wearing gloves)
- Notch to lock blade in open position

The knife is available in three colors: black, blue or yellow.
