

PETZL CROLL BELAY DEVICE

<https://www.securhit.com/en/pulleys-and-ascenders/504-bloqueur-ventral-croll-s.html>

PETZL CROLL belay device for rope ascents, with pinch opening system. An S version with wear-protection reinforcement for very harsh environments.

Description

Rope ascents require top-of-the-range, reliable equipment. PETZL's CROLL rope clamp combines high strength and safety for easy ascents. The equipment is designed for ease of use in all situations, even in emergency situations.

- Opening by simply pinching the cleat, directly incorporated into the body of the rope clamp to prevent snagging.
- A sturdy, ingenious trigger, with pins and an escape slot for all-weather use.
- A top hole designed to secure the SECUR shoulder straps and keep the blocker in position throughout the operation
- A twisted lower hole to keep the equipment in a flat position
- Reinforced wear protection for harsh environments

The PETZL CROLL rope clamp is always used with an ASCENSION rope clamp for rope ascents.

Caractéristiques
