

PETZL SEQUOIA HARNESS

https://www.securhit.com/en/harnesses-and-belts/516-578-harnais-petzl-sequoia.html#/540-taille_c069aa-taille_0

PETZL SEQUOIA sit harness for double rope climbing techniques. Specially designed for comfort and functionality when pruning.

Description

PETZL's SEQUOIA pruning harness is one of the most important pieces of equipment in the climbing system. It offers the arborist-climber optimum protection against falls. Particular emphasis is placed on functionality, quality and comfort, for easy all-day work in the trees.

Everyday comfort:

- Secure support and great comfort with the semi-rigid waistband and thigh loops, with padded foam lining.
- Easy connection of a ZILLON or MICROFLIP lanyard
- Multiple attachment bridges and accessories possible
- An attachment bridge offering excellent lateral mobility
- Mobile lateral attachment points

Easy adjustments:

- FAST buckle on waistband for easy opening and closing
- FAST LT PLUS buckles on thigh straps with release device to prevent accidental opening
- DOUBLEBACK buckles with locking system to adapt the height of the attachment bridge

Devices for adding accessories:

- Nine pre-formed equipment holders with protective sheaths
- Five CARITool tool-holder loops
- Two carabiner loops for chainsaw or handsaw holders
- An elastic band for attaching a first-aid kit
- Possibility of connecting a harness
